

We're writing in regard to the expansion of LPFM service. One specific service currently heard on FM translators is very important to us, the Christian station K-LOVE. Many of our friends and family listen to it, as well. All day, that station is on in our home. It provides positive music for us to listen to instead of the other available current music which we feel is a bad influence to our children (not to mention to our own minds and hearts). The songs and speeches heard on K-LOVE have changed many peoples lives, many people we are close to. Thank you for your time to read our comments. Sincerely, Celena and Michael Janton
